

Arbeiter-Samariter-Jugend

Westhessen

Arbeiter-Samariter-Bund

Who we are:

We are the independent children and youth association of the Arbeiter-Samariter-Bund (ASB).

Whether in the group activities of the ASJ on-site, in nursery school or during leisure/free time activity: We promote social engagement, community, solidarity, tolerance, gender equality and the development of an independent personality.

Children and teenagers have the opportunity to shape their own lives and are involved in important decisions.

We are democratically structured, neither denominational nor politically bound. Our political engagement is primarily to represent the interests of children and teenagers.

What we do:

We undertake leisure activities and youth travel with the ASJ. We are a "travel-loving" group.

We organise day trips and weekend activities and like to meet other ASJ groups from Hessen or groups from all over Germany.

In our regional association, the ASB regularly offers an adventure week (vacation program) in the summer.

At the international youth camps you can gain exciting insights into the lifestyle and culture of teenagers from other nations.

Childhood and Youth Federal Competition:

The Childhood and Youth Federal Competition of the ASJ takes place every two years. There you can get to know other teenagers by playing games and doing competitions, make friends and test your knowledge.

How can I participate:

If you are interested in first aid, like to do handicrafts and enjoy joint activities, we look forward to seeing you in our group activities. Come and take a look at us - we look forward to getting to know you!

You can get information about the groups at our website www.asj-westhessen.de or directly at 0611 / 1818-0.
