

# Evangelischer Jugendring Wiesbaden

## *Description of the local group:*

The Evangelische Jugendring (EJR) is the youth representation of the Evangelical Church in Wiesbaden.

## *Who we are:*

The EJR is the network of all people who do youth work in the protestant churches and associations in Wiesbaden and in the Parish Youth Office in Wiesbaden's "Stadtjugendpfarramt Wiesbaden".

## *What we do:*

The Evangelische Jugendring counsels all people who are involved in protestant youth work.

In the plenary meetings, important topics are compiled and opportunities for cooperation are sought.

Together with the Parish Youth Office, we offer training for youth leaders (Juleica). The EJR also organises events to exchange information and meetings for networking.

We promote youth work through events such as the major Confirmands Camp and local support.

The EJR represents the interests of all young people in protestant youth work. EJR takes a stand on political and social issues. The EJR adopts diversity, justice, sustainability and interchange with other religions. The EJR wants to improve coexistence in Wiesbaden. The Evangelische Jugendring, together with the Stadtjugendpfarramt, is planning evangelical youth work in the deanery of Wiesbaden. For example, we organise Black Light Theatre and free time activities for all ages.

The Youth Church is the place for youth-friendly events and spiritual offers.
