

JUST Climb Wiesbaden

Who we are:

We are young people who have founded an association to do with others what we enjoy: climbing, free time activities, trips over the weekend ... and whatever else come to our minds. As simple as possible.

Most of us originally knew each other from a youth group that unfortunately dissolved. Because we didn't want to stop, we continue now!

Our holiday workshops are important to us; many have gotten to know us at them and stayed with us.

Who are JUST Climb?

J - Jugend/Youth - Who we are: JUST Climb is young. Youth are active. We engage actively and take a position together.

U - Umwelt/Environment - What is important to us: JUST Climb is outside. Outside is an open space. Open space must be respected.

S - Sport - What we do: JUST Climb is on the move: mobile on water and on the mountain. We go uphill together and push ourselves beyond our limits.

T - Team - Who we are: We are JUST Climb. We are democratic and diverse. Diversity is learning from each other and how to be together.

What we do:

Mainly climbing. We climb weekly in the climbing hall in Wiesbaden. Sometimes we go bouldering in different halls. When the weather is right, it is particularly beautiful on the rock - or on via ferrata (fixed rope routes). If you want, you can even get a climbing license with us.

The holiday games of the city of Wiesbaden are a big deal. We spend an adventurous week with the children and teenagers. Our youth leaders take the opportunity there to complete a Juleica Training through the Stadtjugendring.

We also always look forward to numerous leisure activities and campaigns, especially during the holidays: skiing, summer camps (for example at a lake in France), climbing camps or a trip to Berlin. We do whatever we feel like doing - because we choose our destination together, democratically.

... JUST CLIMB!

How can I participate?

Simply contact us ☺
