

JDAV Wiesbaden

Deutscher Alpenverein

Description of the local group:

We are the youth of the German Alpine Club (DAV). The DAV is the largest association in the city. In the DAV, we represent the interests of young people. We are responsible for the section's youth work.

Who we are:

The team of youth leaders works voluntarily and is passionate about climbing. We want to pass on this enthusiasm to others. Many of us were members of one of the groups of the DAV for a long time. We regularly attend advanced training courses for further education. Members of our team range in age between 16 and 40 years. We lead several youth groups. The groups are divided according to age. The groups train at different times. Currently there are seven groups in our DAV section for children, teenagers and young adults aged 8 to 26 years.

What we do:

We do a lot of climbing and hiking. We explore the cliffs and mountains around Wiesbaden. Sometimes we also go to the Alps and to other countries. Anything you can do outside, we'll give it a go. We go camping, cook together, have game nights and watch movies. As a youth of the Alpine Club, the environment is very important to us. We welcome everyone.

How can I participate:

Anyone can participate. If we have sparked your interest or you have any questions: please contact us by e-mail. Further information is also available on the net.
