

Sportkreisjugend Wiesbaden

Sportjugend Hessen

Description of the local group:

The Sportkreisjugend Wiesbaden is the youth organisation of the Sportkreis and their youth welfare officers are members with voting power in the board of management of the Sportkreis. The Sportkreisjugend represents the youth boards of management with over 29,200 children/teenagers in the 214 sports clubs (as of 2019) in Wiesbaden.

From popular to more exotic sports, the clubs in Wiesbaden offer a wide range of activities.

Who we are:

We have been a team of five people since 2018: youth welfare officers Tobias Hofmann and Beatrice Paubandt, youth representatives Jeanette Werner and Finn Brandig, as well as our assessor Dieter Pfauth.

We are active in different clubs and sports and in the last two years we have organised and changed much in the Sportkreisjugend. We are motivated to continue to promote sport in our beautiful state capital.

Among others, Sportkreis Wiesbaden and thus also its youth representation present for you and your club:

- A (political) representation of interests in committees and working groups of the city of Wiesbaden.
- A link to the National Sport Union of Youth Sport in Hessen and Stadtjugendring Wiesbaden.
- Consulting service and sending consultants, for example for the implementation of prevention or integration events. Events can also be organised by and with associations on request.
- Implementation of training and advanced training measures for trainers and instructors and other interested parties.
- Financial support for clubs for training of trainers and instructors.
- Games and equipment pool for club events.
- and much more.

How can I participate?

The motto "together we are strong" is truthful and it makes sense to distribute tasks on as many shoulders as possible so that everyone makes a small but no less important contribution according to

his/her potentials and strengths; this ultimately benefits all children and teenagers. It is our wish to tackle these tasks with the largest possible team in such a way that everyone likes to tackle his/her tasks and has fun doing it. We are convinced that we can then achieve something together for the children and teenagers in the associations of our city of Wiesbaden.

All adolescents over the age of 16 who are active in a sports club or at least interested in sports can participate. For further information or contact details, you can check the Sportkreis Wiesbaden website or our page on Facebook.
